Shipping instructions for Toyota Tacoma and Ford Displays:

*overnight return shipping option available for an extra \$35; please contact us for details

1. Please include some kind of identifying information in the shipping box; preferably email and return addresses.
2. Leftover plastic bags and newspapers work great as shipping padding. Styrofoam peanuts don't; plus they make a mess while unpacking.
3. Opting for 'signature required' may result in up to a delay of up to a week on your repair, because we often miss the UPS/Fedex/USPS delivery personnel. Our maildrop is secure, but we understand if you opt for a signature.

Thanks for your business. We are looking forward to repairing your display!

Ship to:

Logicwire Services, LLC
620 Saluda Avenue
Columbia, SC 29205-2206
